STATEMENT

We are informing our clients and the public after several attempts to launch the 2021 Virtual Sheep Is Life celebration, that Dine Be'ina has decided to postpone the launch until June 23rd 2021, Next Wednesday. We are diligently working to resolve the technical issues that have affected the website and our video workstation. A full schedule of Sheep is Life's virtual videos will be posted Wednesday on both the DBI Facebook and the Main site. Each day will be highlighted by a volunteer led demonstration that has been filmed and will be available after the virtual event on our YouTube and Facebook page. We ask for understanding and thank you for your continued support. – Zefren Anderson Treasurer
