Diné Bé' liná is a Navajo/Diné organization since 1991, founded by a group of Navajo shepherds and Navajo weavers, who believed in the continuity of the traditional pastoral lifeways, traditional foods and advocating for the Navajo-Churro sheep breed.

Our mission is to restore the balance between Navajo culture, life, and land. We seek to preserve, protect, and promote the Navajo way of life; to encourage the participation and cooperation of the Navajo people among themselves and with other people and organizations; and to engage in research, education, development, establishment and promotion of projects and activities which further these ends.
